Release the Firefly

Daksh / Chitkara

first thought: a campus gallery

campus layout

Picasso

Adobe × CHITKARA UNIVERSITY

Square One

it has to feel like OUR campus

what if making something helped you meet someone?

make
glow
meet

"roads still quite dont match the real. layout"

"artistic 3d style interface"

the walkway

Newton

Edison

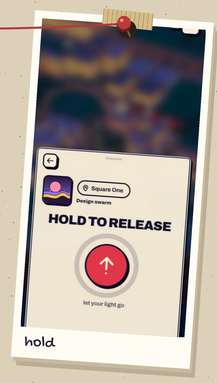

Claude + my maps + photos

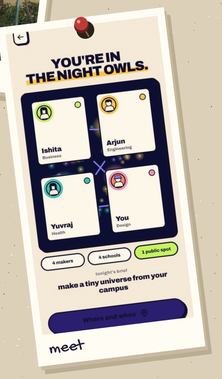

3D campus / built in Three.js

SVG UI kit

hold

meet

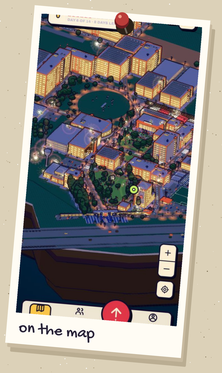

Fleming

"red on buildings as details"

warm lights, not a dark filter

phone first

on the map

less text.
let the tap explain it.

4 art studies / GPT concepts

chai galaxy

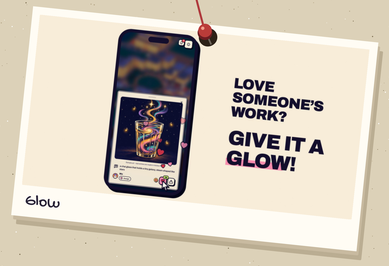

Turing

keep the prompts with the work

release flight

fix entrances + road spacing

Glow

Glows received.
Who glowed stays private.

Picasso

Square One

9 PM / meet

voice first.
then time the clicks + camera.

ElevenLabs -> motion tests

try the demo
no login
open it on a phone

open campus
